WHY IT WAS DONE. FLAMES ARE FATAL.

Sheppard Gives Reasons For Inducing Resolution.

COUGHT NOT TO REST TWO LEAP FOR LIVES

Texas Congressman Said Measure is Presented in Honor of American Motherhood, Superior to the President.

Washington, Jan. 9.—During the session of the house Monday, Representative Sheppard of Texas introduced a resolution, which was referred to committee on rules, asking for appointment of a committee composed of Democrats and Republicans, to investigate why an American mother was violently expelled from the white house and grounds by executive officials and employees while she was seeking an audience with the president of the United States; that said committee have power to summon witnesses and report as soon as possible to the house. Mr. Sheppard made the following

HON. MORRIS SHEPPARD.

statement concerning the resolution: "I introduce this resolution in the name of American motherhood and American womanhood. The occurrence which is the cause of this resolution was a violation of every sentiment that glorifies American manhood and American civility. The brutal treatment of this lady, who was but acting within the bounds of her rights, seems to me to be outrageous. The American congress ought not to permit the matter to rest without the most thorough and searching investigation. It involves the most sacred element and reverence which every true American citizen accords the American woman, and especially the American mother. When the president of the United States, with all the glamour of his great office steps into the presence of an American mother, he is in the presence of his superior. This action of his subordinates should certainly be investigated."

DATE UNCERTAIN.

Number of House Republicans Oppose Joint Statehood Bill.

Washington, Jan. 9.—Republicans in the house who oppose the proposed joint statehood bill have developed such strength that the date of the favorable report of the committee on territories on the measure is uncertain and many members do not expect to have the bill brought before the house early this week, as was planned.

Insurgent Republicans allege they have seventy-five Republican votes against the proposed rule preventing the amendment of the joint statehood measure. As the Democrats would vote solidly against such a rule, it has been reported that the rules committee will not attempt to prevent the amendment of the statehood bill. However, the friends of the joint statehood bill do not admit that seventy-five Republicans will join in the attempt to amend the bill and insist that the committee on rules will have no hesitation in submitting a rule preventing amendments.

Speaker Cannon and his associates, in support of the administration policy, are exerting every effort to enforce party discipline.

RATE REGULATION.

Senator Culberson Introduces a Measure Upon the Subject.

Washington, Jan. 9.—Senator Culberson of Texas has introduced a rate regulation which provides that whenever the interstate commerce commission decides that any rate is unjust it shall fix a rate which shall be the lawful charge for one year. In case the rate fixed be confiscatory of a carrier's property, proceedings against the commission may be instituted in any equity court.

Energetic Action Expected.

Paris, Jan. 9.—Energetic action is expected in the Taigny snubbing incident at Caracas.

Fire in Bank Building Is Attended With Awful Results.

TWO LEAP FOR LIVES

R. F. Radley and John Minor, Printers, Jump From Third Story, Former Dying, and B. F. Philipson Suffocated.

Dallas, Jan. 9.—Fire which partially destroyed the Knepfler building, on the southwest corner of Main and Poydras streets, shortly after 7:30 o'clock this morning caused the death of two men and probably fatal injury of a third.

The building, which is a three story structure, is occupied on the first floor by the Gaston National bank, the second floor by law offices and the third floor for lodgings. The bank sustained much damage, but vault was uninjured.

R. F. Radley and John R. Minor, linotypers in the News composing room, had apartments there. They had a few hours before retired, working at night. Gropping their way through the dense smoke they stood on a window ledge, thinly clad, with the flames at their backs. Unable longer to withstand the heat both jumped. Minor landed on his feet. His injuries are serious and his recovery is doubtful. Radley, who is a heavy man, landed on his back. Both were taken to St. Paul's sanitarium, where Mr. Radley soon expired.

B. F. Philipson, clerk in a cigar store, also occupied a room. His room-mate was J. D. McCallum, who left Philipson asleep at 6 o'clock. Young Philipson's body was found in another room on the third floor. His body was in a closet and it was evident that he had suffocated, as the only injuries to him were burns on his right arm. Philipson was about twenty-two years of age and came from Austin to Dallas, where he has a number of relatives.

H. L. Johnson, a hoseman, received a painful gash on the back of his neck, caused by a brick falling on him.

Chief Magee of the fire department received a painful gash in his right hand as he was in the act of picking up the unconscious form of Mr. Radley. The injury was due to fragments of window glass. He arrived just as Radley and Minor jumped.

Mr. Radley who was a prominent member of the Typographical union, leaves a widow and three children. He is also a member of the Woodmen of the World. He has resided here about twelve years.

E. H. Silven, an architect, who has an office on the second floor, estimates his loss at \$12,000. He had one of the finest architectural libraries in the southwest. Gano, Gano & Gano, lawyers, place their loss at \$7,500. Bank's fixtures are damaged about \$7,500 worth.

Damage to building is about \$12,000, while J. B. and R. L. Lucas lost personal effects valued at \$500.

J. B. Lucas showed great presence of mind. Suddenly awakened, he rushed to a window. Remembering he had forgotten several thousand dollars worth of diamonds and a watch he rushed back to his room. He got all but the watch. He got back to the window and swung to the ledge. When he first appeared at the window the crowd shouted to him to hang on and that a ladder would be placed against the wall. The shout went up from hundreds of throats and a ladder was placed under him as quickly as possible. Coolly swinging onto his frail hold, his hands numb and stiff from the crisp morning air, he impressed the spectators with being the calmest man on the scene. When the crowd shouted to him to duck his head and avoid the strangling smoke, he did so. At last—it seemed hours to the breathless spectators—the firemen placed a ladder under him and by shouting to him, guided his steps safely to the first round and he reached the ground safe and unhurt. Later, he stated that he had no intention of jumping, although his strength was fast giving way.

Houston Lighting and Power company, capital stock \$1,000,000, has filed its charter.

Off For Spain.

Paris, Jan. 9.—Revoit, former governor of Algiers and head of the French delegation to the Moroccan conference at Algeiras, accompanied by a numerous suite, left Paris for Spain. His departure was the occasion of a notable gathering of officials, including representatives of Premier Rouvier and all cabinet ministers.

Ever think how cheap Brazos county lands are? But the truckers, orchardists and diversifiers, along with the thrifty immigration that is sure to come, will put them up in a few years. Then many a man will wonder why he did not catch on in time to profit by it.

Roosevelt says the canal enterprise is free of jobbery, immorality and insatiation, and that those who charge to the contrary are disgruntled office seekers and sensation mongers. There are others who say that the canal problem is full of woes for the president which is probably the reason he shows his teeth so.

ANOTHER FRUIT AND TRUCK FARM

Messrs. A. W. Buchanan and F. W. Yeager have sold their partnership for truck farming and fruit growing on an extensive scale on twenty-five acres of fine land owned by Mr. Buchanan, and lying immediately east of and adjoining the city. Mr. Yeager has moved from Millican to Bryan and will have charge of the enterprise. Mr. Yeager has had abundant experience in this line of work and has met with phenomenal success. He has at his command in this instance a very fine piece of land irrigated by means of a well, gasoline engine and elevated tank.

The ejection from the White House of Mrs. Minor Morris, who called to see the president, has disturbed official circles in Washington no little, and appears to have been an unmitigated outrage. The matter has been called to the attention of congress by the chivalrous young Mr. Sheppard of Texas.

Gen. H. B. Stoddard of Bryan, one of the pioneer citizens of Texas and one who is familiar with the contests of early days in this section, was in Hearne Thursday en route to Palestine, where he goes to install the officers of Palestine Commandery Knights Templar for the ensuing Templar year. The General says he is not a candidate for any office and never expects to be. Gen. Stoddard has the distinction of possessing one of the largest Masonic libraries of any individual in Texas which consists of over 100 volumes. Gen. Stoddard is one of the old timers and is well read in Texas history and the dark days of reconstruction.—Hearne Democrat.

Local music lovers will be pleased to know that Henry W. Savage's English Grand Opera company is to present three of its most elaborate productions during the coming engagement at Houston Jan. 16 and 17. Until this season this big company, with its wealth of scenery, properties and electric effects, that require a special train of twelve cars, has visited only a limited number of cities. Its repertoire now includes eighty-one grand operas, over 4,000 performances of which have been given during the nine years' history of the company. Its corps of principals numbers a score of prima donnas, tenors, baritones and basses. The chorus is composed of all American voices, and is claimed to be the finest selection of ambitious, young singers Mr. Savage ever brought together. An important feature of the performances in that city will be the full grand opera orchestra of nearly forty musicians carried by the company, under the musical direction of Chevalier N. B. Emanuel and Mr. Elliott Schenck, the Wagnerian conductor.

SEEKS TO SUICIDE.

Physician Well Known in the South Attempts to End Existence.

New York, Jan. 9.—Dr. W. G. Steger, said to be a graduate of Vanderbilt and Columbia universities, and of a family prominent in Nashville, Tenn., attempted to commit suicide in the Audobon hotel by taking chloroform and morphine. He was removed to Bellevue hospital, where physicians say he cannot recover.

Dr. Steger took the poison after leaving a note saying that he had suffered from suicidal and homicidal mania for years and the he could not bear the suffering longer. He willed his body to the College of Physicians and Surgeons, Columbia university.

Another message, probably written after the doctor had swallowed the poison, and uncompleted because the morphine and chloroform took effect before the doctor anticipated, was found behind the cot. It was written on an envelope and read as follows: "As I am sitting here in R 17, as sane as I have been for three weeks and expecting to die in an hour, I want to say that the book of Dr. Jekyll and Mr. Hyde is none too strong. I also think—"

The writing was firm at the beginning of the message, but gradually became almost undecipherable.

His wife, whom he married at Hot Springs, was Miss Carrie Dalton, and well connected in Arkansas. She had been at Hot Springs visiting relatives some time, having recently returned.

EDWARDS TAKES LIFE.

Coroner Decides That He Suicided by Both Bullet and Poison.

New Haven, Conn., Jan. 9.—Suicide by means of both bullet and poison is the explanation given by Coroner Eli Mix of the death of Charles A. Edwards of New York City at the Abigail Hiler homestead here. This finding is contained in a preliminary report to State's Attorney Williams and is based in part on the discovery of morphine in the body of Edwards by Medical Examiner Bartlett, and the surgeons who performed the autopsy.

The coroner's brief report does not dispel the mystery in the death of Mr. Edwards, and until the complete finding is ready, probably no public solution can be found as to why Mr. Edwards, as Coroner Mix describes his actions, "at 2 o'clock on Wednesday morning last, clad in his underclothes, left his chamber and descended to the basement, lighted the gas, unbolted and opened the rear door, twice discharged a revolver at himself, one bullet going into the ear; then, failing to kill himself, threw the weapon away, drank laudanum and tossed the bottle after the pistol and with blood flowing from a wound in the head, dragged himself back to his chamber, got into bed, drew the covers over his shoulders, and, after placing a handkerchief under his head to stop the flow of blood, lapsed into unconsciousness, death coming six hours later."

NOTED MAN GONE.

He was on his father's staff throughout the civil war and fought with distinction at Shiloh, Murfreesboro, Chickamauga, Kennesaw Mountain, Battle of Red Bank and in other engagements. NEGOTIATIONS FAIL.

No Settlement Between Venezuela and Bermudez Asphalt Company.

Washington, Jan. 9.—Secretary Root has been notified by cable of the complete failure of the negotiations that have been in progress at Caracas, looking to a settlement of issues between the Bermudez Asphalt company and the Venezuelan government, and the departure from Caracas of the company's treasurer, Clyde Brown. The secretary has accordingly called upon Mr. Calhoun, the president's special commissioner, for his report upon that controversy as the basis for immediate action on the part of the department. It is probable that the report will be submitted to congress and some line of action suggested.

SOUVENIR SWEATERS.

Saturday night at 7 o'clock the athletic association of the Agricultural and Mechanical College met in the college chapel to award the souvenir sweaters to the members of last season's football team. Prof. C. S. Potts presided at the meeting and indulged in some appropriate speech making. Dr. H. M. Laubman, secretary, read the report of the season, giving the receipts and expenditures. The receipts were nearly \$2,500; and the expenses approximated \$1,600, and the net profit was about \$900. Of this amount \$800 has been applied to a debt of \$1,400, which the association has been carrying, reducing it to \$500. Capt. H. H. Sargent made the presentation of the souvenirs, and the gridiron celebrities who received sweaters were as follows: Halton (captain), Puckett (next year's captain), Richenstein, Boyce, Blake, Loving, Walker, Dean (student manager), Utoy, Kelley, Dale, Kendricks, Williams, Cornell. The past season was a highly successful one for the association, both in the number of games won and financially, showing most excellent management.

WHY?

The reason One Minute Cough Cure relieves a cough
in one minute, is because it acts first on the mucous
membrane right where the cough troubles—in the
throat or deep-seated on the lungs, destroying the
microbes or cough germs and clearing the phlegm.
One Minute Cough Cure not only destroys the dis-
ease germs, and clears out their poison, but it gives
strength and elasticity to the delicate membranes
which protect the throat and lungs. Opens the air
passages and promotes unobstructed breathing.
Causes the blood to receive its natural supply of
oxygen, thus exhilarating the pulmonary organs with
such strength and vigor that the lungs and bronchial
tubes become bulwarks against the inception of dis-
ease. Asthma, Bronchitis, La Grippe, Croup, Croup
and all Pulmonary Complaints that are curable
are quickly cured by the use of

Boy Crushed to Death, Three Men Lose
Hands and One an Eye.

Guthrie, Jan. 9.—Horace Chambers,
aged fourteen, was instantly killed near
Kildare by the horse he was riding
falling and crushing him underneath.

Samuel Welce of Wellston lost one
hand, John Hellie of Ames lost one eye,
Charles Manlove of Alva, a hand, and
Aubrey Niles of Calumet a hand as the
result of accidental discharges while on

OFFICIALS OUSTED.

Charged With Failing to Levy and Col-
lect Taxes in Ochiltree County.

Port Worth, Jan. 9.—A party of
officers of Ochiltree County, including
commissioners, were called upon their
positions and new officers appointed
and installed. This is the result of al-
leged failure of officers to levy and col-
lect taxes according to state laws. The
officers held the state school lands
were only subject to taxation to the
extent of holders' value therein.

A vigorous movement to close all va-
riety theaters here is on. Six com-
plaints have been filed. The city at-
torney says the prosecution will go to
the extreme limit. Selling intoxicants
is the basis of the complaints.

Account Held Up.

San Antonio, Jan. 9.—Following the
head of the city council the county
commissioners held up the account of
the San Antonio Gas and Electric com-
pany for investigation. Heavy sleet
fell in this section Tuesday morning.
Livestock is suffering.

Well Known at Waco.

Waco, Jan. 9.—R. P. Radley, who met
his death by jumping from the flames
during the burning of the Knepfely
building at Dallas, was well known
here. He was at one time connected
with the Times Herald and president
of the local Typographical union two
terms.

Immense Lemon.

Clarksville, Tex., Jan. 9.—Mrs. J. A.
Kunkel raised a lemon weighing nearly
two pounds. TE's is the tree's first
bearing year.

PERISH IN SNOWSTORM.

Half Blind Ranchman and Goat Herder
Succumb to Cold.

Santa Fe, N. M., Jan. 9.—James
Yates, who lived near White Oaks, Lin-
coln county, a half blind ranchman,
perished in the snowstorm. His body
was discovered in a snowdrift two miles
from his cabin. As a pillow he used
his hat and scarf and his hands were
folded on his breast in the attitude
of prayer.

Charles Newton, a thirteen year old
goat herder, perished in the snowstorm
in the Sacramento mountains.

Heavy losses are being sustained by
sheep owners, because they made no
preparations to feed their sheep during
the present severe cold.

ANOTHER MOVE.

Harriman and Gould Continue Battle
For Strip of Land.

Oakland, Cal., Jan. 9.—Another strate-
gic move in the battle between E. H.
Harriman and George Gould for pos-
session of a strip of land on the north
of Oakland creek wall, jutting into San
Francisco bay, was made Monday, when
the Southern Pacific company began the
erection of an immense shed on the
ground the Western Pacific is seek-
ing to secure for a terminal for the
Trans-continental road. Between 1
o'clock in the afternoon and 6 o'clock
that evening the Southern Pacific com-
pleted the new survey of its holdings
between the tracks already laid by the
company and the property claimed by
the competing road. The disputed strip
of land, which is now partially occu-
pied by the Southern Pacific building,
is 1,080 feet long. It is anticipated that
if the Western Pacific lays rails to se-
cure the right of way through this
strip it will make arrangements to con-
struct a temporary landing further up
the channel.

SYMPATHETIC STRIKE.

Newspaper Printers Called Out Owing
to Trouble in Job Office.

Montreal, Jan. 9.—Seventy-five union
printers employed on the Gazette news-
paper are on strike. The trouble arose
in the job office over an apprentice
and the newspaper staff and machine
men were called out in sympathy. The
Gazette proprietors declare the estab-
lishment is an open shop and announce
that their paper will be published as
usual.

SCHOONER GOES ASHORE.

Tuesday Morning the Vessel Was Re-
ported as Pounding Heavily.

Cape Henry, Va., Jan. 9.—The
schooner Fannie Palmer went ashore
three-quarters of a mile north of Lit-
tle Island life saving station at 4 o'clock
Tuesday morning. One man landed in
the breaker buoy with a message to the
owner. Others refused to do so. The
vessel was pounding heavily.

SEVEN CREMATED.

Issac Saylor, His Daughter and Her
Children Perish.

Lewiston, Pa., Jan. 9.—At Pleasant
Clew, Juana county, Issac Saylor, his
daughter, Mrs. Peter Martin, and her
five children were burned to death.

BOUGHT BY SANTA FE.

All the Stock of the Denver, Enid and
Gulf Railroad Purchased.

Wichita, Kan., Jan. 9.—The Santa
Fe Railroad company has purchased
all the stock of the Denver, Enid and
Gulf railroad, and at a meeting held
in St. Louis, James N. Young was
chosen president of the Denver, Enid
and Gulf company. He will have his
headquarters at Enid, Okla. The other
officers of the company remain un-
changed. This means that the Santa
Fe is the owner of the track of the
Denver, Enid and Gulf, now completed
between Guthrie, Okla., and Kiowa,
Kan.

What will be done about the further
extension of the line to the northwest
is now unsettled but will be determined
by E. P. Peckham, vice president of the
line, on his return to Enid from St.
Louis, where this deal was consum-
mated. The original plan of the pro-
jectors was to run a line from Denver
to the Gulf of Mexico.

DESIRES LAWSON.

Attorney General of Missouri Anxious

For Him to Take Witness Stand.

New York, Jan. 9.—In the Standard
Oil company investigation Monday, H.
D. Hardcastle, who was formerly em-
ployed in the Albany agency of the
Standard oil company, was Mr. Had-
ley's chief witness. He testified to in-
stances in which he was transferred
from the Standard Oil company's em-
ploy to that of the Republic Oil com-
pany at Cleveland, and of the Atlantic
Refining company at Philadelphia.
These transfers, he said, were made by
officers or employees of the Standard
Oil company, and one of them told him
he must not be known in Cleveland as
having been employed by the Standard
Oil company. Witness had some let-
ters, he said, from Standard Oil men
which he was induced to surrender to
Walter Jennings of the Standard Oil
company in the hope of getting a bet-
ter position, but he received a ticket
for Europe without a return coupon.

After the adjournment Attorney
General Hadley's attention was called
to some published advice to him con-
cerning the proceedings from Lawson
of Boston and he was asked:

"Do you want Mr. Lawson to come
down here and testify in this case?"

"Certainly. If Mr. Lawson knows
anything I should like to have him
come down," said Mr. Hadley.

Lawson Will Testify.

Boston, Jan. 9.—"When I am invited
to go to New York to testify in the
Standard oil company cases, I shall ac-
cept," said Thomas W. Lawson when
the remark made by Attorney Hadley
was mentioned to him. "I have not
been advised in the matter yet, but if
the attorney general desires me to tes-
tify, I shall be pleased to do so. I feel
like helping him in every way I can."

To Be In.

New York, Jan. 9.—Attorney General
Hadley of Missouri said he would in-
vite Thomas W. Lawson of Boston to
testify in the so-called oil trust suit.

SECEDE FROM PANAMA.

San Blas Indians Renew Their Alleg-
iance to Colombia.

New York, Jan. 9.—A cable from
Panama to the Herald says: Captain
Loveale of the "Panama" gunboat
Ortinte brought a letter to President
Amador, written by Innannaquina,
grand chief of the San Blas Indians, on
the lower Atlantic coast of Panama,
announcing their secession from Pan-
ama and the renewal of their allegiance
to Colombia.

There are about 30,000 of these In-
dians along 110 miles of the most fer-
tile part of the coast of Panama, and
in all the villages the Colombian flag is
being displayed.

This revolt against Panama's rule is
said to be fomented by Columbians,
and as these Indians have never been
conquered or subjected, the matter of
bringing them back under this coun-
try's flag, unless accomplished diplo-
matically, may prove serious. No an-
nouncement has yet been made of Pan-
ama's intended course.

Among the reasons given for the se-
cession are said to be the promises
made by Huortias, a former general of
the Panama army, which have not been
fulfilled.

DECATUR UP AGAIN.

"Encouraging or Countenancing Haz-
ing" Is Charge This Time.

Annapolis, Md., Jan. 9.—The first
court martial of a midshipman under the
act of 1903 providing dismissal for "en-
couraging or countenancing hazing" be-
gan Tuesday, Midshipman Stephen De-
catur, Jr., of Portsmouth, N. H., being
on trial. This charge is supported by
one specification, that Decatur coun-
tenanced the hazing of a fourth class-
man, Gaylord Church, of Meadville,
Pa. There is also a charge of hazing
under the act of 1873, under which there
are two specifications. Decatur has
already undergone one trial for hazing
and was acquitted.

The next midshipman to be tried is
John Paul Miller of Lancaster, Ky., also
a member of the first class. There are
charges under both acts against him,
each supported by four specifications.
Among the midshipmen of the fourth
class whom it is alleged Miller hazed is
Henry G. Cooper, Jr., of Oxford, N.
C., the youth who was stricken with
paralysis in his class room about a
month ago and whose previous hazing
was rumored at the time, but denied
by him.

MARRIES MANY.

For the Eighth Time Geronimo Takes
Unto Himself a Wife.

Lawton, Jan. 9.—It has just been
ascertained that on Christmas Geron-
imo, who is seventy-six years of age,
took unto himself his eighth wife. The
bride was the widow of a prominent
Indian, named Loto, who died two years
ago. The groom's seventh spouse also
departed this life about that time. After
several months of courtship the
aged Apache warrior went to Mary
Loto's tepee and without any religious
or civil ceremony took her to his own
home. None of his tribe knew of the
marriage until Sunday.

HAPPENINGS CONDENSED.

There are seven murder cases on
the Montague county (Texas) docket.

Andrew Jackson, a negro, had both
legs cut off at Muskogee by a train.

Little child of Jack Eason of Austin
was seriously burned by falling in a
fire.

Several Arkansas farmers charged
with whitecapping gave bond at Texar-
kana.

Private Hall of the Sixth United
States battery died at Austin of a con-
gestive chill.

Three hundred Democrats from the
two territories gave a Jackson day ban-
quet at Oklahoma City.

An old man named Kirkskey fell in a
fire near Paris, Tex., result of a para-
lytic stroke, and was badly burned.
